

Parent Performance & Workshop

CYBER-BULLYING

Thursday, December 2, 2009
7:30 pm @ Heritage Middle School

In Real Life by R. N. Sandberg and performed by George Street Playhouse is coming to Livingston. This is a compelling performance about the complex world of cyber-bullying and its 'real-life' consequences when social-networking circumstances spiral out of control.

In this play, students will be faced with the choice to stand-up for a friend, find the power to confront a bad situation and walk-away and begin the discussion on how to take an active role in ending cyber-bullying. The performance ends with an open forum for questions and answers between the audience, performers, school administrators and D.A.R.E officers.

This presentation is a collaborative program by D.A.R.E., Livingston Youth and Community Services (LYCS), Livingston Municipal Alliance Committee (LMAC) and the HSA of MPMS & HERITAGE Middle School.
